

PET SITTERS IRELAND

LOVE YOUR PETS!

DOES YOUR PET NEED SOMEONE TO STAY WITH THEM OVERNIGHT?

Sometimes traditional pet sitting is simply not enough for those pets who need extra attention and care due to advanced age, a medical condition, or other factors. Pet Sitters Ireland offers overnight pet sitting, or house sitting, that allows your pets to be with a professional, trained pet sitter.

Overnight pet sitting provides you with the assurance that your pets will be closely monitored overnight and will allow them to feel the same warmth and companionship as when you are home, whether that means playing a game of fetch before bed or cuddling in front of the fire each night while your dog enjoys a relaxing belly rub.

Deciding between a traditional pet sitting schedule and overnight visits is a personal decision that comes down to what is best for your pets.

OVERNIGHT PET SITTING IS OFTEN THE IDEAL CHOICE IF YOUR PETS:

- Often have to go out for the toilet in the middle of the night.
- Have a medical condition or an illness that requires close monitoring.
- Struggle with separation anxiety.
- Prefer to sleep on the bed with you, rather than sleeping alone.

Overnight pet sitters bring their own supplies, including bedding, towels, toiletries, and food, and treat your home with respect, ensuring that everything is exactly as you left it. As with our traditional pet sitting visits, you and your assigned pet sitter will discuss your pets' schedule so your pets will thrive in keeping their regular routine.

Each overnight visit includes:

- Feeding
- Walking
- Play time
- Cuddles

GOT QUESTIONS ABOUT HAVING USING AN OVERNIGHT PET SITTER?

We know from talking with 1000's of Pet Owners that these are the most common questions that they ask when it comes to deciding if they are going to use an Overnight Pet Sitter.

How Long Will You Stay With My Pets?

There are 3 options for overnight Pet Sitting.

#1. Overnight Pet Sitter

We will stay with your pets from 8pm - 8am each night.

#2. Overnight Plus Pet Sitter

We will stay with your pets from 8pm - 8am each night and return for a 45-minute midday visit.

#3. Live-In Pet Sitter

We will live at your house with your pets 24/7, following your normal pet care routine.

Is Overnight Pet Sitting Just For Dogs?

Overnight Pet Sitting is for all types of animals. Dogs, cats, horses, farm animals etc.

When Can I Meet My Pet Sitter?

Your first opportunity to meet your Pet Sitter is at the Meet and Greet. This happens before any visits are carried out and is your chance to check that the Pet Sitter is a good match for you and your pets.

At the Meet and Greet you and your pets will have a chance to get to know your Pet Sitter, find out a little more about them and make sure everyone is happy.

It's also a chance for you to go over your pet care instructions – for example, what do you feed your pets, where are the food supplies kept, where do you keep the cleaning supplies etc.

How Do I Know The Pet Sitter Will Stay At Home As Agreed?

We monitor all visits via our online booking system. The system uses modern GPS technology to track the arrival and departure of all visits. You will also receive a pet care journal after every visit with pictures of your pets.

If you have a query over your visits then you can contact the office at any stage and we will be happy to update you on the status of them.

You can also check via our online system the status of your visits.

Do I Need To Provide The Pet Sitter With Food?

The Pet Sitter will bring all their own supplies – including food and bedding. All you need to provide is normal supplies for your pets.

Why Do I Have To Pay If I Am Letting Someone Stay In My Home For Free?

When you hire the services of a Pet Sitter to take care of your pets you are hiring a Professional whose job is to care for your pets.

They will be living at your home as part of their job and will be totally focused on caring for your pets. They will not be away from the home for a long period of time, nor will they have visitors - therefore they require paying.

If you hire a House Sitter they may do it for free, but they will not be with your pets all the time. They are usually on holiday and using a House Sitting opportunity for free accommodation.

They will therefore want to explore the area, visit the sites and enjoy their time off. They may also have friends over during their stay.

What Will The Pet Sitter Do With My Pets?

Your Pet Sitter will follow your exact pet care routine. Whatever you normally do with your pets then they will do that.

Feeding, walking and playtime routines will be maintained as normal.

Will I Get Updates from My Pet Sitter?

Each day we will send you a Pet Care journal to let you know that your pets are safe and your home is secure. You will also receive pictures of your pets as part of the journal.
